Coordinator node may be replicated using STREAMING REPLICATION

## Start replication

Set replication factor before start

```
SET citus.shard_replication_factor = 2;  
SET citus.shard_count = 2;
```

Set shard distributed table

```
SELECT create_distributed_table('tablename', 'id');  
SELECT truncate_local_data_after_distributing_table($$public.tablename$$);
```

or Copy table to all nodes

```
SELECT create_reference_table('tablename');
```

—

Show connected workers

```
SELECT * FROM citus_get_active_worker_nodes();
```

## Rebalance table

```
SELECT rebalance_table_shards('tablename');
```

## Drain node

```
SELECT citus_drain_node('coordinator01',5432);
```

## Basic status

```
SELECT * FROM citus_shards;  
SELECT * FROM citus_tables;
```
