Qwen Image Edit

Replace text on a sign

Replace the sign text with ‘GRAND OPENING’. Keep original font, size, color, and perspective. Do not alter background or signboard.

Add poster headline

Add headline ‘Future Expo 2025’ at the top. Match font style and color to existing design. Do not overlap the subject.

Remove unwanted item

Remove the coffee cup from the table. Keep shadows, reflections, and table texture consistent.

Rotate or re-angle

Rotate the statue to show a rear 180° view. Preserve missing arm and stone texture.

Change clothing style

Swap color/texture: Make the car glossy black instead of silver. Preserve reflections and background.

Style transfer

Re-render this scene in a Studio Ghibli art style. Preserve character identity, clothing, and layout.

Photorealistic upgrade

Render this pencil sketch scene as a photorealistic photo. Keep pose, perspective, and proportions intact.

Add slogan without breaking design

Add slogan ‘Comfy Creating in Qwen’ under the logo. Match typography, spacing, and style to design.
